Encountering SUBLIME
Is like discovering art shaped in space:
The weight of intention in sculpture,
The stillness of feeling in painting,
The balance of motion in architecture,
The echo of harmony in symphony.

When SUBLIME meets the wall:
Every line casts a delicate shadow,
Every light reflects with precision,
Every detail brings quiet elegance to the space.

SUBLIME doesn't perform. It resonates.
SUBLIME doesn't ask for attention. It holds it.
In every edge, every finish, every silent response-
SUBLIME invites you to feel the presence of art.

The best technology disappears.
But true beauty endures.

SUBLIME, the premium panel series by LifeSmart, reimagines smart home design through exquisite customization and pioneering innovation. The patented Multi-layer Post-defined Modular Insertion Structure ™ frees you to personalize materials, colors, and module layouts, merging elegance with function. Seamlessly compatible with both wired and wireless systems, SUBLIME offers flexible, reliable solutions tailored to your lifestyle. More than a smart panel, SUBLIME is a statement of taste, infusing warmth, beauty, and artistry into every moment of everyday life.

One Fits All

One panel, harmonizing every function in your space. By replacing cluttered switches, it reveals a new level of refined simplicity. A single touch can control lighting, shades, scenes, and HVAC - all seamlessly and elegantly.

The Line

The Line introduces a linear control panel design. With a 316 × 42 mm profile, it brings a fresh aesthetic to modern walls. Buttons, a display, a rotary knob, and a USB-C port are seamlessly integrated within a compact layout. Lighting, temperature, scenes, curtains, music, and fast charging are all controlled from a single panel. For a more compact option, The Line Slim offers the same experience in a smaller, refined form.

Classic

The SUBLIME Classic series features a standard 86×86mm size. Offering a diverse range of modules, including power outlets, Ethernet ports, and USB-A & USB-C charging ports, it delivers seamless integration of multiple functions with effortless sophistication.

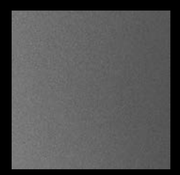
Elite

Metal Is Luxury Rendered

The Elite finish, crafted from anodized matte aluminum alloy, reveals the true essence of metal-bringing a calm, restrained strength that infuses interiors with subtle, powerful sophistication.

Moonlight Silver

Carbon Gray



Obsidian Black

Dawn Gold

Dune Gold

Porcelain White

Premium

Shadow Is Light Turned Poetic

The Premium finish, crafted with micron-precision vector laser engraving, etches water ripple and landscape patterns into metal, creating a subtle, living texture. Light shifts reveal soft, rich shadows that add artistic depth.

Ultra

The SUBLIME Ultra panel, framed at 316×170mm with a 12.3-inch IPS LCD display, presents a crisp, at-a-glance dashboard. Its RoomMap interface enables intuitive, whole-home control. Eight sculpted shortcut keys offer immediate access to essential functions. With LifeSmart's third-generation voice assistant, it ensures seamless, offline voice interaction. A large-font accessibility mode enhances usability for seniors and every member of the household.

Air

This is LifeSmart's thinnest panel to date, with a faceplate thickness of just 3.7mm in the standard 86×86mm format, is available in one-, two-, or four-button configurations.

Silky Smooth

Crafted from high-haze AG tempered glass, the panel undergoes over ten meticulous processes - including CNC cutting, ultrasonic cleaning, tempering, and vacuum coating. The result is a silky-smooth surface with a jade-like warmth, enhanced by an anti-fingerprint and oleophobic layer for effortless maintenance.

4-Gang Actuator

Model: SA-AB4 Size: 64.5*60.4*26mm

Resistive Load: 500W per channel

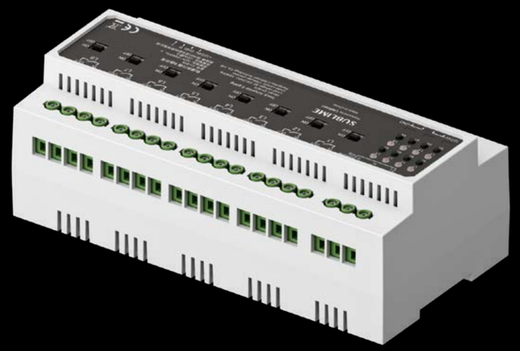
Capacitive/Reductive Load: 200W per channel

2-Gang Actuator

Model: SA-AA2 Size: 49.4*46.4*26mm

Resistive Load: 500W per channel

Capacitive/Reductive Load: 200W per channel



8-Gang Track Actuator

Model: SA-AC8 Size: 180*88*65mm

Maximum operating current per circuit: 20A

4-Gang Track Actuator

Model: SA-AC4 Size: 108*88*65mm

Maximum operating current per circuit: 20A

CoTP PoE Adapter

Provides a PoE Ethernet interface for Ultra.

Model: SA-DP1 Size: 58*64*30mm

CoTP Net Adapter

Provides protocol bridging between CoTP and standard Ethernet.

Model: SA-BE1 Size: 106*36.5*41.5mm

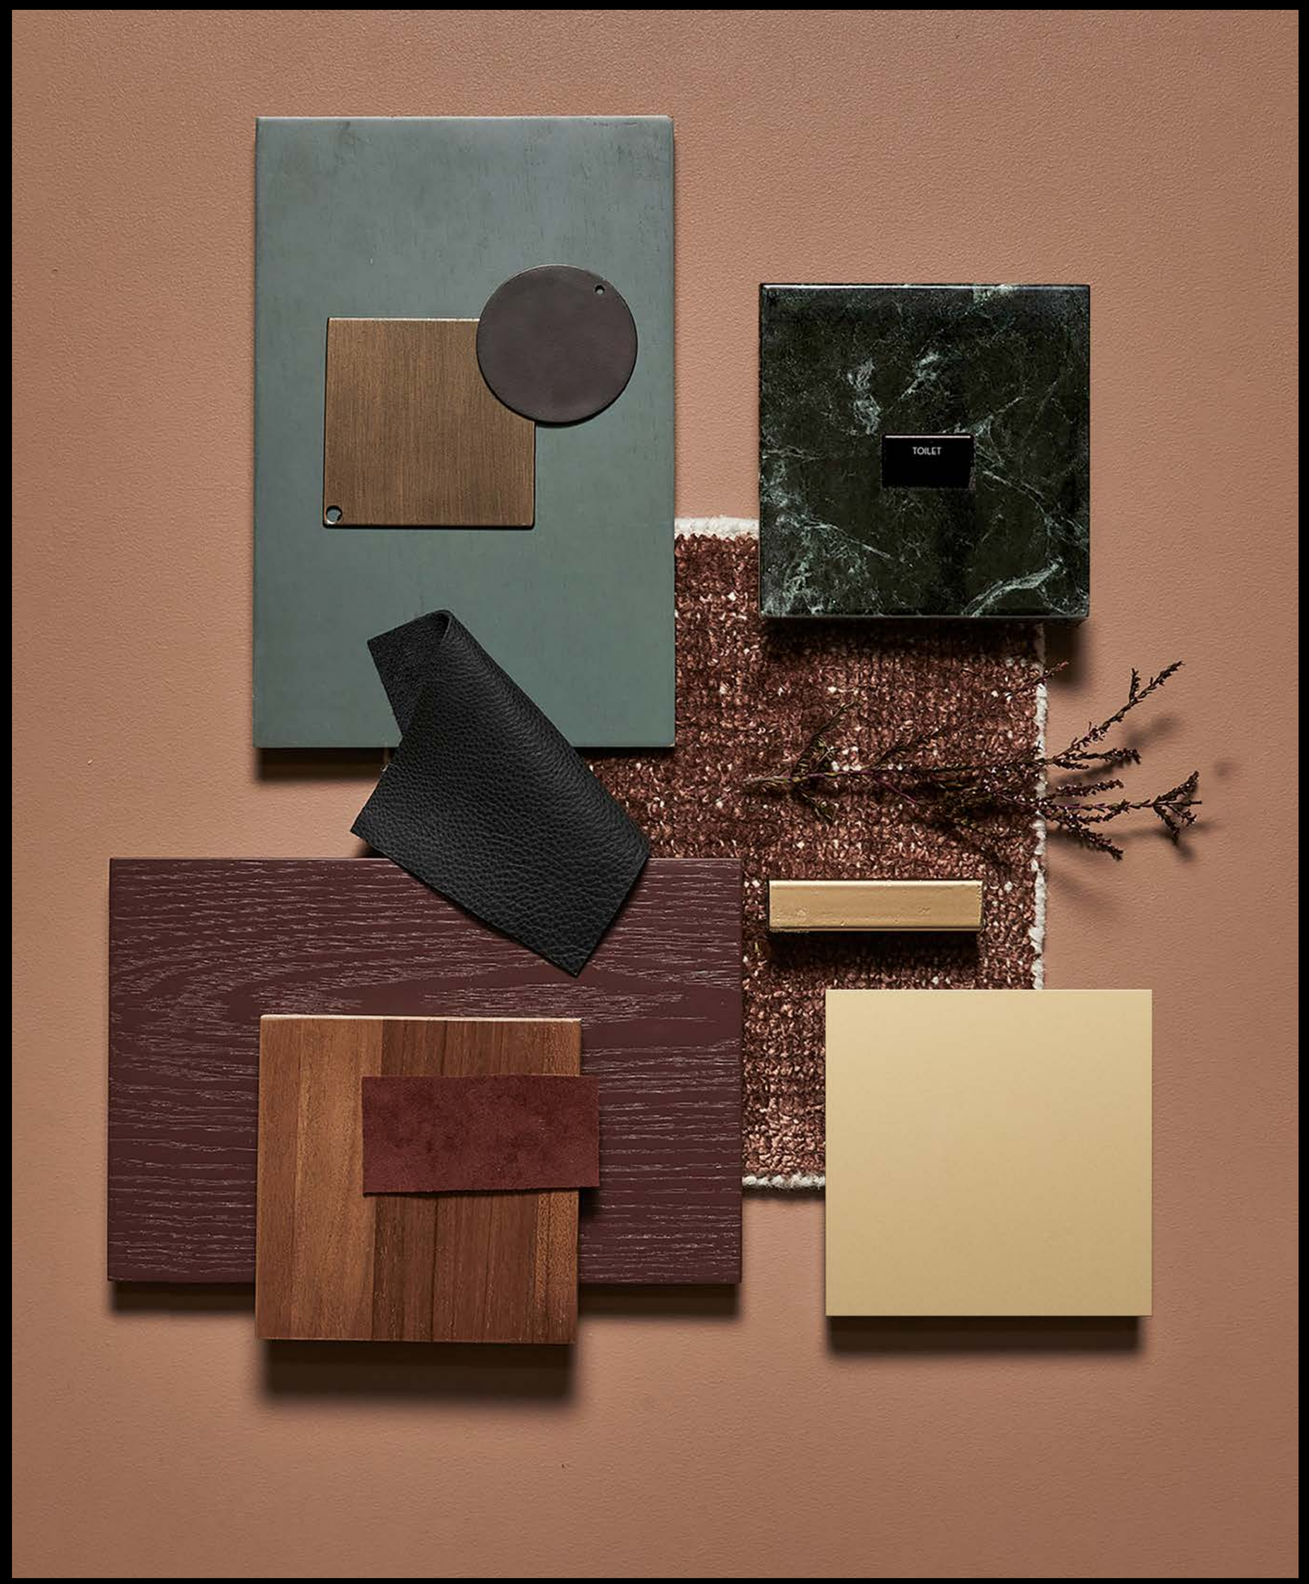
CoTP Adapter

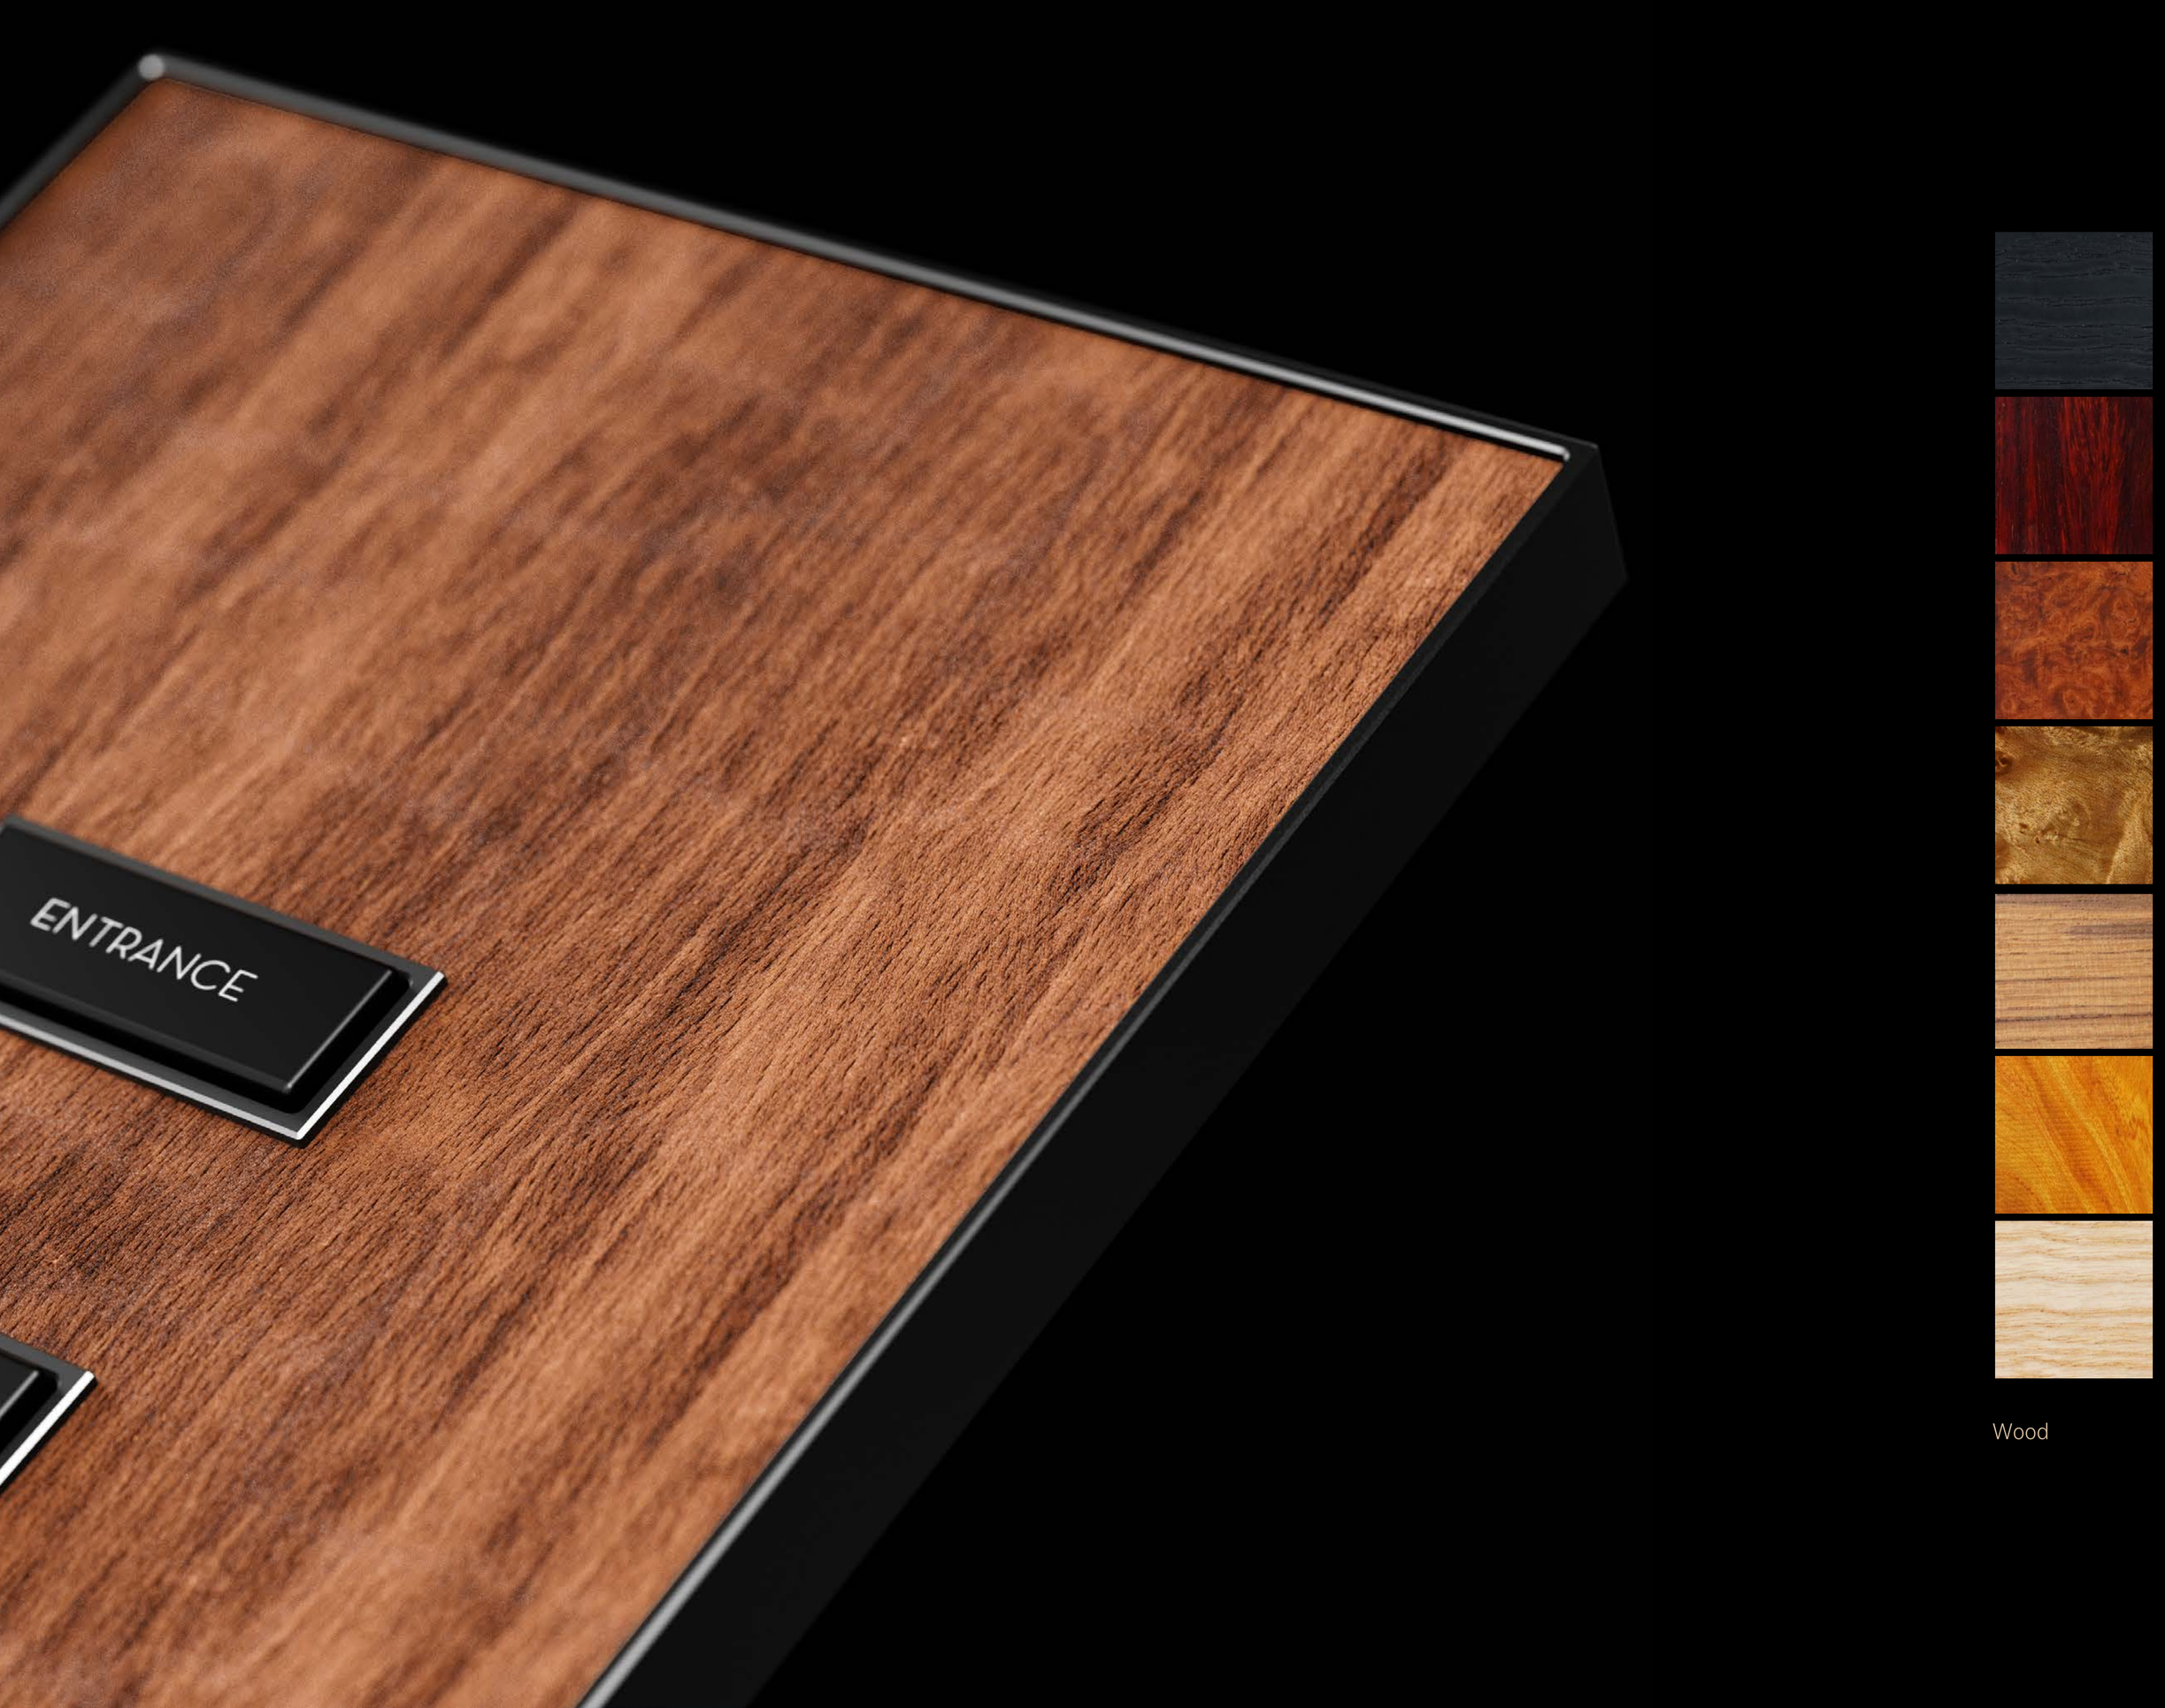
Provides interface conversion between CoTP 4-pin and 3-pin connectors.

Model: SA-DC1 Size: 42*32*16mm

Tailored for Your Space, Timeless by Design

SUBLIME offers curated materiality: from the precision of brushed metal and sheen of stainless steel, to mica's organic veining and wood's patina-rich warmth. Each panel can be custom-crafted to suit your space, aging beautifully with time.



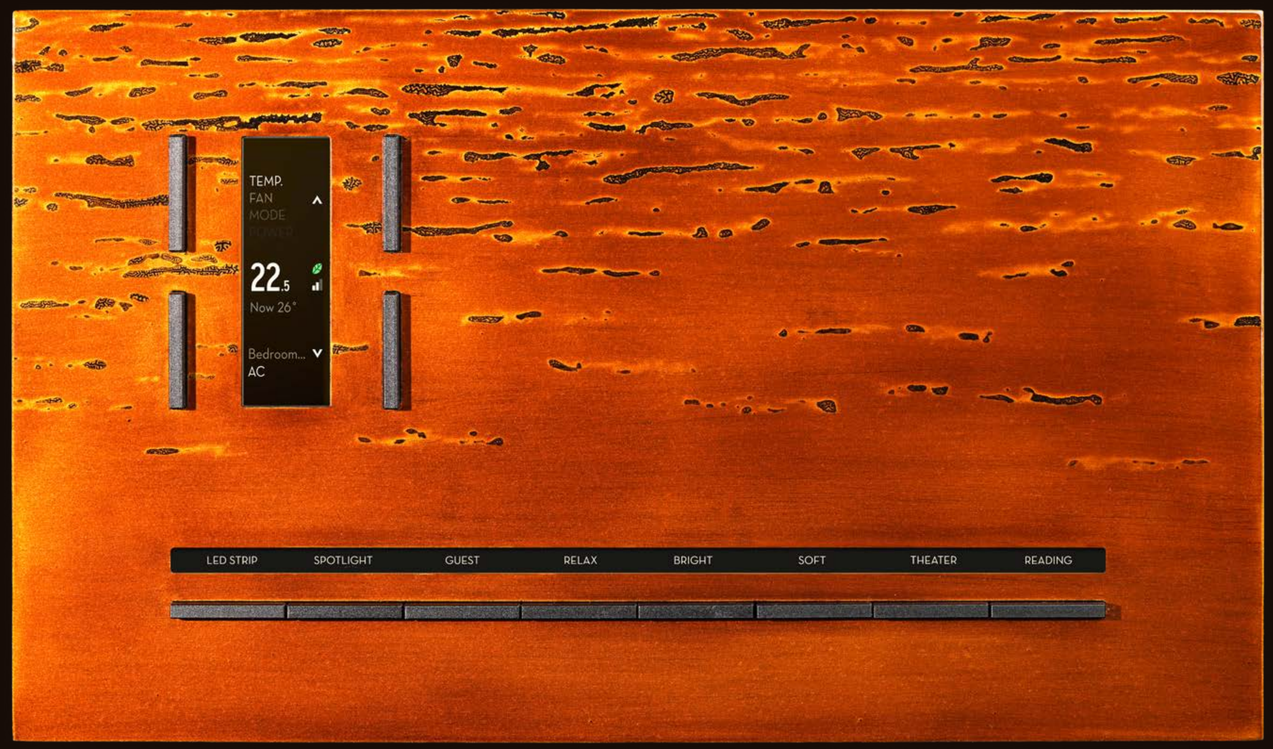


Wood

Wallpaper

Lacquer

Lacquer has lasted over seven thousand years, keeping its elegance and charm through time. SUBLIME uses this material for its panels, each crafted through more than forty handwork steps, giving every piece a texture that cannot be replicated. We want SUBLIME to be more than a smart device; it's a piece you can touch and feel. When technology meets craftsmanship, the beauty of lacquer brings a sense of art to smart living.



Versatile Finishes

SUBLIME offers a curated palette of personalized colors, harmonizing with your space to fulfill your highest demands for style and texture.
